Hazardous Materials Technician Specialist Refresher

Course Dates

May 22-24, 2012

Course Location

Stockton, CA

Class Code

HTECR4-11

This course provides a review of hazardous materials emergency response training critical issues in addition to up-dates on new technologies and guidelines. The object of this refresher class is to update, gain knowledge and skills to maintain competency as a hazardous materials Technician or Specialist responder. Students will be refreshed on various subjects and skills you have acquired from Hazmat Technician and/or Specialist training classes. There will be classroom lectures, tabletop exercises and field exercises for training reinforcement. A final written exam will be given at the conclusion and must be passed with 70% or above to obtain a certificate of completion.

This course is based on competencies and performance objectives at the Technician or Specialist level. A certificate of completion of a hazardous material Technician or Specialist class is a prerequisite to enroll.

The course will be 24 hours in length and shall provide refresher training as identified in Title 8 California Code of Regulations, Chapter 4, Section 5192 and Title 19 California Code of Regulations, Section 2520. This refresher class meets the REHS program continuing education requirements of 24 hours.

Tuition: \$400
