Hazardous Materials Technician Series

The CSTI Hazardous Materials Technician program is a four week (160 hour) course of study which combines lecture and discussion with hands-on practical applications and exercises. This course prepares participants with the basic skills and knowledge required to meet OSHA requirements under Title 8CCR5192(q)(6)(C) or Title 29 CFR 1910.120(q)(6)(iii) for certification as a Hazardous Materials Technician.

Course Completion Certificates are issued for each week (Module) completed, leading to a final Hazardous Materials Technician program completion certification. Completion of the Technician series qualifies the participant to take the two-week Hazardous Materials Specialist Series.

Prerequisites: Medical Clearance and proof of competency of Hazardous Materials First Responder Operations Course
